and creator of *SafeSpace Plus™*

Commit today, talk to us!

Our proactive safety measures catalyze creativity, growth and the deserved well being for all

Conferences and Events

Design inclusive, engaging events, where every moment is an opportunity for positive interaction in a welcoming and secure atmosphere.

In a SafeSpace Plus™ event, every attendee, speaker, and vendor is fully aligned with your Code of Conduct. This alignment guarantees that every action taken resonates with your event's goals and values.

We provide organizers a direct line of sight to the event to proactively prevent harm and unnecessary escalations.

Organizations

Build an innovative and empowered organization where safety, contribution, and engagement go hand in hand.

In a SafeSpace Plus™ organization, every member is well-versed in their responsibilities and has the confidence to report incidents confidentially. This creates a culture of trust and accountability.

We equip leaders with the tools to act proactively, minimizing risks and fostering a secure, productive environment.
